REQUIREMENTS FOR ADDITION:

If this road meets the requirements necessary for addition, we agree to grant the Town of Wilson's Mills a right-of-way of the necessary width to construct the road to the minimum construction standards of the TOWM. The right-of-way will extend the entire length of the road that is requested to be added to the Town maintained system and will include the necessary areas outside of the right-of-way for cut and fill slopes and drainage. Also, we agree to dedicate additional right-of-way at intersections for sight distance and design purposes. The right-of-way shall be cleared at no expense to the Town, which includes the removal of utilities, fences, other obstructions, etc.
