**Ordinance to
Amend the Wilson's
Mills Unified
Development
Ordinance:**

Councilmember McGowan said he had several questions regarding changes to the Unified Development Ordinance, but he did not bring a list of questions with him tonight. He asked if we were to approve the suggested changes tonight, could we still make changes in the future after his questions are addressed. Mrs. Oldham said yes other changes could be made in the future as long as the same public hearing requirements were met. Attorney Du Sablon said in the event changes are made in the future Council could amend specific articles rather than the entire document like they are doing tonight. Councilmember McGowan said his main concern was regarding open burning within the town. Mrs. Oldham said if the UDO is passed tonight the Planning Board would like Articles 18 and 19 to be removed. She said these are related to water supply watershed with stormwater and floodplain prevention ordinances. She said she and town engineer Brian Leonard would like it to be approved by the state before they are approved by the Town.

Councilmember Brown suggested tabling the public hearing until next month to give time for Council to bring back any questions they have as well as allow for state approval of Articles 18 and 19. Attorney Du Sablon said Council can table it and keep the public hearing open.

A motion was made by Councilmember David McGowan and seconded by

Councilmember Doris Riley to continue the public hearing until May 18th, 2026, at 6:30pm. Motion carried unanimously.

**Special Use Permit –
115 Gladstone Loop:**

Mayor Byrd opened the public hearing at 6:46pm.

Town Clerk Emily Matthews swore in anyone wishing to speak during the public hearing.

Claudia Reed of 121 Gladstone Loop said she is in support of the approval of the Special Use Permit, but she does have some questions. She said she wants to know that all the staff that will be working at the facility are properly certified. She said it is her understanding that the residents of the facility will be 18 years of age and below. She said she was also told the residents would never come outside and they would be on ventilators. She said she is in favor of the facility, but she is also concerned about needing generators for the ventilators. She asked if there would be visitors allowed and who the point of contact would be at the facility. She also asked how many staff members there would be and suggested a fence if the residents were to come outside.

Maha Hasan of 115 Gladstone Loop said she and her mother are the applicants and they are glad to answer any questions. Councilmember Brown asked if the facility is licensed through the state and Ms. Hasan said yes. She said they are in the process of receiving the final license. She said the recently received approval for the construction site and the next step will be a walkthrough for the license procedure. Councilmember Brown asked if there would be children with respirators and Ms. Hasan said no due to state requirements. She said all residents would be children under the age of 18 and none of them would be on any type of machine. She said they are currently in the process of hiring people and all employees will be appropriately certified. She also said they plan to comply with all state and local regulations. Ms. Hasan also stated they are willing to put up a fence for when the children are outside to ensure their safety. Mayor Byrd said the applicants will need to work with Mrs. Oldham to obtain the appropriate fence permit. Councilmember McGowan asked how many children will be in the facility and what the ratio is for children to adults. Ms. Hasan said there will be 4 children, and each will have a case manager. She said there will be 2-3 adults at the facility at all times in addition to the director. Councilmember McGowan asked if there would be anyone living there other than the children. Lina Hasan said no due to state regulations. She said the staff will be working 12-hour shifts. Councilmember McGowan asked how the children are placed within the facility and Ms. Hasan said they are placed by either court order or medical order. Councilmember McGowan asked if there are other facilities like this within Wilson's Mills and Ms. Hasan said there are foster homes in the area, but this is a group home rather than foster home. She said it is a group home through the government for mentally disabled children. Councilmember McGowan asked if this is a long-term care facility and Ms. Hasan said yes unless the child is discharged via court order or medical order. Councilmember McGowan asked how the employees are paid and Ms. Hasan said through Medicaid. Councilmember McGowan asked how often the facility will be inspected and Ms. Hasan said there is an annual state inspection and a quarterly local inspection. Councilmember McGowan asked if they were liable to surprise inspection and Ms. Hasan said yes, at the local level. Councilmember McGowan asked if there would be signage labeling the facility as a group home and Ms. Hasan said no, it will look like all other homes on the street. Cd asked if anyone is against the facility coming into town. Ms. Hasan said no, she has spoken with neighbors on both sides as well as the HOA and no

one is against it. Councilmember Brown asked for Mrs. Oldham's opinion. Mrs. Oldham reviewed relevant sections from the Code as follows: "Preserve the small-town appeal of Wilson's Mills while encouraging compatible business growth through development of revised development standards and specifications" and "Identify which barriers currently exist in Wilson's Mills that inhibit it from being a more family friendly community." Mayor Byrd opened the public hearing at 7:17pm.

1st OPEN FORUM:

Mayor Byrd opened the public forum at 7:29pm.

Bennie Cherry of 150 Carriedelle Lane said we need sidewalks in town and he would also like to see a stoplight at the intersection of Fire Department Road and Wilson's Mills Road. Mayor Byrd said we are waiting to hear from DOT on if we can have a traffic device placed in that area.

Bobby Sheppa of 147 Westchase said the speed limit is not being adhered to in the subdivision. He said the HOA met and proposed to drop the speed limit to 20mph. He said he was against the speed limit being lowered until he noticed issues recently. Councilmember Brown asked what the speed limit is currently in the subdivision and Mr. Sheppa stated it is currently 25mph.

Michelle Luciano of 63 Westchase Drive said there are some parts of the streets in Ives Landing that do not have a final layer of pavement. She also said there are cracks around the manholes. She said it is her understanding there was a transfer from one developer to another in the subdivision so she is not sure who would handle the issues. Councilmember Brown asked Mrs. Luciano to speak with Mrs. Oldham to see who the developer is.

Chris Crawford of 121 South Rose Hill Drive said he is wanting clarification on HOA policies versus town policies regarding parking on the roads in subdivisions. He said he was told that towing would soon be enforced. Councilmember Brown told Mr. Crawford to speak with Chief Williams. Mayor Byrd said that the HOA policies are different than the town ordinances. Councilmember McGowan suggested that the HOA in Mr. Crawford's subdivision speak to Mrs. Oldham. Chief Williams commented saying the police department usually lets the HOA's handle any disputes in the subdivisions and if they do not or cannot, that is when the police department intervenes.

With no one else wishing to speak, Mayor Byrd closed the public forum at 7:45pm.

REGULAR BUSINESS

MAYOR FLETA BYRD:

Mayor Byrd said she and Ms. Worley recently attended the Johnston County Mayors meeting at the detention center. She said they met with county representatives related to cost share related to fire departments. She said the changes will not have a large effect on our town.

**Contract Renewal
for Town Attorney**

Ms. Worley referenced the contract in Council's packets which is an updated contract for Cauley Pridgen who provides legal representation for the town through Attorney Gabriel Du Sablon. Ms. Worley said in the 6 years we have worked with attorney Du Sablon, the price of his services have not gone up.

Ms. Worley said in the packet there is a copy of the current agreement with Council as well as the draft agreement up for approval. She said it is a 3-year contract with automatic renewals. Ms. Worley reviewed the changes in prices as follows: \$185/hr. increased to \$250/hr. for principal attorney services, \$175/hr. increased to \$225/hr. for associate attorney services, and \$75/hr. increased to \$125/hr. for paralegal services. She said the travel and mileage rates will stay the same as in the previous contract and all other expenses will be charged at cost. She said there will be a 10% administrative fee for court filing, dispositions, phone, and copies. Attorney Du Sablon said these fees have rarely come up since he began working with the town and he is not sure they will apply in the future. He said he is willing to remove the administrative charges if it is the pleasure of Council. Mayor Byrd said the charges can remain in the contract in the event the fees need to apply in the future. Councilmember McGowan mentioned changing the wording from "Board of Commissioners" to "Town Council" and Attorney Du Sablon said he would make that change before having the contract signed. Councilmember Brown asked how often an associate attorney is necessary and Attorney Du Sablon said not often, he said the associate attorneys as well as paralegals sometimes may assist with research.

A motion was made by Councilmember David McGowan and seconded by Councilmember Tim Brown to approve the Contract with Cauley Pridgen as amended. Motion carried unanimously.

Section 3. This Resolution shall take effect upon its approval by the Town Council.

**COUNCILMEMBER
COMMENTS:**

Councilmember McGowan said he is concerned about balloon releases happening in town. He said a balloon release took place after the celebration of life for Mr. Joe Wilder. He said the balloons end up in our waterways which could lead to dangerous situations for animals and they also can cause damage to planes coming in and out from the Johnston County Regional Airport.

Councilmember Brown asked if the Johnston County Board of Education is trying to help with the traffic issue in town near the new high school. Ms. Worley said she has not been involved in conversations about the high school but regarding the traffic devices discussed at Fire Department Road and Wilson's Mills Road, DOT will not approve a roundabout. She said the other 2 options would be a light at the intersection or a 3-way stop. She said the issue would be the entrance and exit at JD's Store on Wilson's Mills Road. She said the new owner of the store doesn't have an issue with a median being put in to help with the entrance and exit. She said a speed counter was placed on Fire Department Road to see how traffic backs up in the area. She said she has been told by DOT that traffic devices in the area will be hard to get approved due to no fatalities in the area. Councilmember Brown asked if Ms. Worley could find out the number of fatalities at the intersection of Vinson Road and Glen Laurel, which allowed for a traffic signal to be placed there. He also asked Mrs. Oldham to talk with Lynn Andrews at the Board of Education about if she knew anything about DOT's stance on the roads near the High School. Mayor Byrd said she has talked to the principal at the high school and he said DOT is planning to repair the road in front of the school but that is all they have planned. Councilmember McGowan suggested contacting Representative Larry Stirckland or Senator Benton Sawry. Mayor Byrd said they are not on the transportation committee so they probably wouldn't have much information. Ms. Worley said she would contact our representatives with Council's questions and concerns and report back to Council.

Lauren Doskoez of 130 S Rose Hill said she is also concerned about narrow roads and the traffic in town. She also mentioned seeing undesirable situations late at night at the blue barn on Highway 70 Business West. Mrs. Oldham said the property has been condemned and to call 911 if Mrs. Doskoez continues to see people there. She said the property is in County's territory so we cannot order the owner to tear it down.
